

128 GNDEC students get job offers from MNCs

TIMES NEWS NETWORK

Ludhiana: In what comes as the best Diwali gift for 128 students of Guru Nanak Dev Engineering College, they were recruited by Tata Consultancy Services and Infosys during the four-day campus placement drive. The students, who were doing BTech and MCA, have been offered packages between Rs 3.25 lakh and 3.5 lakh per annum.

According to dean, placement cell, GNDEC College, KS Mann, "This is a big achievement as TCS and Infosys are mass recruiters and both companies never visit the same campus. A total of 128 students have been recruited, out of whom, 127 students are from Btech and one is from MCA department" he said.

Navdeepkamal Sandhu, dean, placement department, Punjab Technical University, said, "Mass recruitment in such big companies is another achievement for our university. This has happened for the first time in Punjab. Companies usually avoid visiting the same campus if they are mass recruiters."
