9. Organization Chart

10. Student feedback mechanism on institutional Governance/faculty performance

At the end of each Semester, Department asks the students to fill the Feed-back form. It is being analysed by the concerned Head of the Department and if required matter is being brought to the notice of Principal for corrective measures.

11. Grievance redressal mechanism for faculty, staff and students

The faculty and staff are being governed by Punjab Civil Service Rules & the Managing Committee rules, whereas students are being governed by Punjab Technical University, Jalandhar. Apart from that, staff related issues are resolved by College Council. If need be, committee/committee(s) are constituted for resolving the issues of staff (referred therein). Similarly student related issues are settled by Principal Council of students. One staff Grievance Committee & Student Grievance Committee has also been constituted where staff and students can approach with their grievance. Committee suggests corrective measure to the Administration.

Consultancy activities

Consultancy Cell

The Civil Engineering Department has been rendering Consultancy Services to various Contractors, Semi Govt. and Private Agencies since 1979. This Department was pioneer in establishing "Testing and Consultancy Cell" with a basic aim to provide quality service for Technical Problems at reasonable and affordable rates as a service to Society in general and Engineering Fraternity in particular. The Consultancy Services of this cell is being utilized by various Agencies and Individuals and the States of Punjab, Haryana, Himachal Pradesh, J & K, and Rajasthan.

The Consultancy service rendered has won acclaim for the Civil Engineering Department. Satisfactory solutions to intricate problems relating to the Design of Buildings, Auditorium, Water Tanks etc. have been given by the Department. The Architectural and Structural Design of the Gurudwara in the College Campus provided by the Department has been widely appreciated. Similarly, problems relating to the Bearing Capacity of Soils and other aspects of Soils Mechanics, Water Logging, Design of Foundation, Design of Highways and the Inspection and Calibration of Survey Equipment have frequently been referred to the Department. Recent addition is the solution for Environmental Problems, Treatment studies for industrial wastes, Design and Commissioning of Effluent Treatment Plants (ETP), Design of Air Pollution Control Devices (APCD) and Adequacy Reports for Existing / Designed ETPs and APCDs has given a wide recognition to the Department throughout Northern India.

The volume and diversification of the consultancy and testing work undertaken by the Department have made the Department extremely popular with the clientele. The revenue

generated by Civil Engineering Department is approximately 96 % of the total revenue generated by Consultancy Cell.

Civil Engineering Department offer Testing and Consultancy Services in following area:

1. Geo-Technical Engineering.
2. Structural Engineering
3. Highway Engineering
4. Material Testing
5. Surveying
6. Environmental Engineering

Funds generated in last three years:- Year	Amount
2011-12	Rs. 125.28 Lacs
2012-13	Rs. 120.92 Lacs
2013-14	Rs. 125.56 Lacs
