FROM DIRECTOR'S DESK

welcome message

"Learning makes good techniques, and techniques make best teaching" in education. We follow many techniques and day to day, year by year we feel progressive change in education. Teachers, Students and parents are the most important factor of the education. If all these do equal and effective participation in education then we can say that the learning of students is going in the right way.

The paradigm of education is rapidly changing.... with the advancement of technology and exposure to varied media.... it's an altogether new era of teaching and learning. Education today has a multifaceted role. It should give wings to students to fly on their own and at the same time keep them rooted with the values inculcated in them. A campus is a world in miniature where one receives training for life. We prepare students for the challenges of the global world.... a world that continually demands new skills and competencies.... a world that requires the students to excel in communication and interpersonal skills..... a world that requires them to become lifelong learners and earners.

Colleges are the foundation for future citizens. Children learn many norms and ways in campus and foundations of desirable behaviour towards each other are formed in college.

The colleges have to empower students with knowledge that provides them with a firm foundation to lead and create a niche in their respective careers even after their exit from campus premises. It is empowerment through learning and the colleges should focus on all the domains for the holistic development, cognitive, moral, social, athletic and physical.

Guru Nanak Dev Engineering College was established by the Nankana Sahib Education Trust & the land for the institution was donated by Village Gill. The Nankana Sahib Education Trust was founded in memory of the most sacred temple of Nankana Sahib, birth place of Guru Nanak Dev Ji. Shiromani Gurdwara Prabandhak Committee, Amritsar a premier organization of Universal Brotherhood, was the main force behind the mission of "Removal of Economic Backwardness through Technology". With this mission, a Polytechnic was started in 1953 & Guru Nanak Dev Engineering College was established in 1956. The foundation stone was laid down by Late Dr. Rajendra Prasad Ji, the First President of India on April 08, 1956. The UG Courses are accredited by **National Board of Accreditation (NBA)**, New Delhi "under TIER - I (Washington Accord)". The College is also NAAC accredited with "**A**" grade. The College has been conferred Autonomus Status in 2012 by UGC under UGC Act, 1956 and is also having ISO 9001:2008 certified.

ADMINISTRATION

Guru Nanak Dev Engineering College, Ludhiana is a premier minority institution of the state of Punjab. It is functioning under the aegis of Nankana Sahib Education Trust, Gill Park, Ludhiana with a Managing Committee appointed by the Trust to look after routine management functions, with due representations of State Government as well as Central Government. The Managing Committee recommends policy decisions, which are ultimately put up to the Nankana Sahib Education Trust for approval.

The broad areas of administration e.g. planning, student amenities & welfare, faculty development, staff welfare, infrastructure development etc., are entrusted to various committees for their smooth functioning. Apart from HOD's, who are looking after their respective departments, the College has appointed Dean, Deputy Registrar's, Assistant Registrar's to assist the Director in administration.

ACHIEVEMENTS

The College is excelling in the University Sports by bagging the three major I.K. Gujral PTU Championship Trophies every year in both men & women section. The I.K. Gujral PTU Over all Combined (men & women) Championship Trophy is being won consecutively from the last thirteen years.

NATIONAL CADET CORPS (NCC)

There is one NCC Company in our College attached with 3 Pb., Bn NCC (Boy Cadets = 79, Girl Cadets = 27, total of 106 Cadets. Every year many cadets got 'B' Certificate and 'C' Certificate

NATIONAL SERVICE SCHEME (NSS)

Three & a half units of NSS having a total of 350 volunteers have been allotted by I.K. Gujral PTU to provide opportunities to the students for Social Services in various fields. However a total of more than 1000 volunteers are enrolled in NSS in the College each academic year with college having self supporting units NSS units all engaged in blood donation, tree plantation drug de-addition campaigns.

GENCO ALUMNI HOME

A large number of graduates of the institution are serving in industry, academic institutions and R & D establishments all over the world. They are at top positions in the PWD, B & R, Public Health, Irrigation, PSPCL, CPWD, Public Undertakings and Private Sectors in India & also in the prestigious world organisations like IBM, FORD, NASA etc. GENCO Alumni meet is organised every year in the College. The GENCO Alumni home is having a magnificent building with well furnished rooms having all modern facilities including a Conference Hall.

DAY SCHOLAR CLUB

A well-established Day Scholar Club is maintained in the

CENTRAL FACILITIES

College for the benefit of Day Scholars. It has the usual recreation facilities along with a Canteen.

DISPENSARY

A Dispensary for students, faculty & staff is maintained in the campus. Two qualified Doctors cater to the emergency needs as well as regular physical check up of campus residents. The College has also signed MOU's with DMCH & Pahwa Hospital, Apollo Hospital, Fortis Hospital for any emergency.

EDUCATIONAL SATELLITE (EDUSAT)

College has established an EDUSAT Centre in collaboration with AICTE, New Delhi. Expert Lectures on various subjects are being delivered via satellite.

AUDITORIUM

The College has an air-conditioned auditorium with seating capacity of 800 & is equipped with cinema screen, projector & latest Dolby sound system.

It is available at Frequency 90.8 MHz.

COMPUTER CENTRE

The Computer Centre offers excellent computing facilities to fulfill the needs of Undergraduate and Post graduate students.

The Centre is equipped with latest software, high end servers and computers of latest configuration. The institution has 1Gbps Leased Line for 24 hours online internet access. The College has its own mail and web server with registered domain name <http://www.gndec.ac.in>. The services of Computer Centre are available beyond the working hours to facilitate students and staff. The internet facility has been extended to other departments and Central Library, which are connected through LAN (Local Area Network). All departments and Central Library are communicating through this Intranet which makes paperless office a reality. More Infrastructure is being provided for the Computer Centre with the installation of more Powerful servers, workstations and

new Computers. The Internet connection has also been extended to the Hostels and Faculty Residences through Wi-Fi.

TRAINING AND PLACEMENT CELL

The vibrant Training & Placement cell is adequately equipped to handle campus placements & mandatory training of the students of the college. The whole process involves establishing liaison with the corporate sector companies by arranging tests, group discussions, conducting final interviews, grooming sessions & other recruitment related activities. Having been endowed with first class infrastructure, the T&P Cell caters to anticipation of various recruiting organizations at every conceivable stage of the placement process.

The prevailing academic milieu, with its thrust on interdisciplinary learning & all round development, ensures the enrolled students to be a perfect blend of diverse knowledge, technical expertise & leadership qualities.

The T&P cell is a veritable instance of internal democracy. It is co-managed by the faculty & the students throughout the year to ensure high end internships & placements for the students. The T&P cell is the official body forming a bridge between students & the companies. It is firmly committed to Industry-Institute interaction".

The staff of T&P cell is always in touch with the latest technologies & upcoming fields. Training forms an indispensable part of engineering. T&P cell focuses not only on the campus placement but also plays a very vital role in training as well. We have been successful in bringing 3 mass recruiters TCS, INFOSYS, and Accenture together for 2016 pass outs. Students from Information Technology and Computer Science branch were called for internship abroad at Karlsruher Institute for Data Processing and Electronics, Hermann-von -Helmholtz-Piatz 1, Eggesenstein-Leopoldshafen, Germany. Students of the college placed in the INFOSYS and Sapient Global Markets have been offered stipend based internship during six months training for 2016 pass outs. Two students of our college (2016 pass outs) have received stipend as high as Rs 40,000 per month during 6 months

training at Artillex Software Pvt. Ltd., Bangalore. The highest package grabbed for 2016 is 6.9 LPA by Galfar Engg & Co. Contracting SAOG, Muscat (OMAN).

T&P cell also organizes grooming events/seminars/ competitions & focuses on soft skills such as resume writing competition, seminar on enhancement of communication skills, mock GD's and PI's. It conducts a regular capsule program for around a month every semester, namely, Finishing School for final & pre final year students to help them improve their aptitude, technical knowledge several interpersonal skills thereby helping them to perform better placements. The T&P cell is known is known for its dynamic assistance during the placement drives. Companies like TCS, Shapoorji Pallonji, Thermax, Accenture, Asahi India Glass and others have appreciated the hospitality and the coordination of the team.

TESTING & CONSULTANCY CELL

Consultancy services are being rendered by various State Govt. Dept. & Entrepreneurs & these are being extended in the form of expert advice in design, testing of materials & equipments, technical surveys, technical audit, calibration of instruments, preparation of technical feasibility reports etc. The Consultancy Cell of the College has given a new dimension to the development programmes of the College. Consultancy projects of more than 1.30 Crore were completed by the consultancy cell during last financial year.

CENTRAL LIBRARY

The institution has a well-established Central Library having more than 92,697 books, 841 online books, 140 print Journals, 19739 online journals, 1798 M.Tech.

Theses, 2810 back volume journals and audio-video materials. It has departmental libraries in all the departments, thus catering to the needs of Undergraduate and Post Graduate students and faculty. It has a working area of around 1800 sqmtrs. There is separate Welfare Section in the Library for the SC/ST students. The books are classified according to DDC 23rd latest edition. DELNET is available in the Central Library and thus giving online access to various international Journals,

LIBRARY COMPUTERIZATION

The Library uses E-Granthalaya software package which is an integrated multi-user library management system that supports all in house operations of the Library. E-Granthalaya consists of modules on acquisition, cataloging, circulation, serials, micro documents, budget and OPAC. Retrospective conversion of bibliographic records has been completed and more than 90000 bibliographic records of books available in the Library, can now be accessed through e-granthalaya OPAC. The database of books available in Library is being updated on day to day basis with detail of recently acquired books.

Records of all the Library patrons have also been created in the e-granthalaya Software. Library has Bar-Code enabled.

ACADEMIC PROGRAMMES

The Institute offers following B. Tech. and M. Tech. courses, approved by All India Council for Technical Education (AICTE), New Delhi:

B. TECH.:

The annual intake of B. Tech. is (1st Shift= 645) + (2nd Shift= 180) = 825

S. No. Branch

First Shift

	Intake
1. Civil Engineering	120
2. Computer Science & Engineering	90
3. Electrical Engineering	90
4. Electronics & Communication Engineering	90
5. Information Technology	90
6. Mechanical Engineering	120
7. Production Engineering#	45

Second Shift

	Intake
1. Civil Engineering	60
2. Computer Science & Engineering	60
3. Mechanical Engineering	60

Equivalent to Mechanical Engineering as notified by AICTE for non academic purposes.

B.TECH. (FIRST YEAR)

For admission to the Engineering Courses, 85% seats shall be open to the candidates from within the State and 15% shall be open to candidates from outside the State.

For admissions to B.Tech., candidates should have appeared in the JEE (Main) Examination conducted by CBSE, New Delhi.

ELIGIBILITY CRITERIA (EDUCATIONAL)

For Engineering & Technology Courses:

All those candidates who have passed the 10+2 examination with Physics and Mathematics as compulsory subjects along with one of the following subjects:

- Chemistry
- Biotechnology
- Computer Science and
- Biology

OR

Those candidates who have passed their 10th or 10+2 examination with science stream and have passed diploma in any Engineering Trade from Punjab State Board of Technical Education & Industrial Training, Chandigarh or Sant Longowal Institute of Engineering and Technology, Longowal (SLIET), or any such examination from any other recognized State Board of Technical Education.

OR

The candidates who have passed two years certificate course from Sant Longowal Institute of Engineering and Technology, Longowal (SLIET) shall be eligible.

The candidates who are appearing the qualifying examination shall also be eligible to appear in the Entrance Test. The admission of such candidates to the Entrance Test shall be purely provisional and shall stand cancelled, if they fail to produce their eligibility at the time of admission and such candidates shall have no claim, whatsoever, for admission to these courses through Counseling.

The Institute offers AICTE approved Full-Time two years MBA Programme. The annual intake of MBA is 60.

Eligibility Criteria :

All those candidates who have passed Bachelors Degree of minimum three year duration in any discipline from a University recognized by the University Grants Commission (UGC) and with valid rank in CMAT shall be eligible to apply for MBA course.

MCA

The Institute offers AICTE approved Full-Time MCA Programme. The annual intake of MCA is 60.

Eligibility Criteria for Ist year (Duration 3 years):

All those candidates who have passed any recognized bachelor degree of minimum 3 years duration from a university recognized by the UGC with mathematics/statistics/business mathematics/ business statistics/ quantitative techniques as compulsory/optional additional paper as one of the subjects either at 10+2 or at graduation level.

OR

Have passed BCA course of minimum 3 years duration from a university recognized University

Eligibility Criteria for 2nd year Lateral Entry (Duration 2 Years):

1. Bachelor Degree in BCA, B.Sc. (IT/ Computer Science) (from a recognized University) with Mathematics as a course at 10+2 level or at Graduation level.

Or

2. B.Tech. in CSE / IT (or equivalent)

Ph.D.

The College also offers research facilities in various departments leading to the award of Ph.D. degree.

General Information for the Session 2017-2018

Start of the Academic session 1st August, 2017

Timing of the Classes

1st Shift : 08:00 am to 04:00 pm

CIVIL ENGG. DEPARTMENT

The Department offers academic programs leading to the award of degree in B.Tech. in Civil Engineering. M.Tech. (Full- Time) in Structural Engineering, Geotechnical Engineering, Environmental Science & Engineering. M.Tech. (Part-Time) in Soil Mechanics & Foundation Engineering & Ph.D. degree by the I. K. Gujral Punjab Technical University, Jalandhar. The UG Courses of this department are accredited by NBA (TIER - I), Washington Accord and is QIP centre of AICTE for pursuing research leading to Ph.D. in the Civil Engineering. It is well known in the region for imparting consultancy services to the Government, Semi Government & Private Organisations. The department is supported under TEQIP and FIST schemes of the World Bank and DST, GOI respectively. The department has signed MOU with the University of Dundee, UK & National Information Centre (NIC), New Delhi which has opened a training centre at the department to impart practical training in use of high end CAD software : Collab CAD.

UNDER GRADUATE COURSES

It should be noted that :-

Candidate wish to seek Admission in any Course of this Institute must have a valid Adhar Card.

B.TECH. COURSES

1. The College is affiliated to I. K. Gujral Punjab Technical University, Jalandhar for the aforesaid B.Tech. Degrees. The students who fulfill the conditions laid by the I. K. Gujral Punjab Technical University, Jalandhar & complete there courses successfully in College & pass the University examinations will be awarded B.Tech. Degree by the University. The Course of instruction in the Degree classes is similar to the Engineering courses of other well known Indian & Foreign Engineering Colleges & Universities. The Institution has also been recognized under Rule 62 of Merchant Shipping (Examination of Engineers in the Merchant Navy) Rules 1963, & as such, Engineering graduate of this Institution are eligible for recruitment by shipping companies for eventual employment as sea going marine engineers.
2. The Course of teaching commences on the date to be notified by the College & extends over a period of four years. The students will spend four years divided into eight semesters at the College and will undergo practical training as prescribed by the I. K. Gujral Punjab Technical University, Jalandhar from time to time. The examination of each semester is held on the dates fixed by the College, normally in the months of Dec./Jan. and May/June.
3. In order to be eligible to appear in any semester examination, a candidate must have had his "Examination Admission Form" submitted to the College along with following certificates signed by the Director.
 - i. of good character.
 - ii. of having been on the rolls of the College, and
 - iii. of having attended not less than 75 percent of SCHEDULED PERIODS of Lectures, Tutorials, Practicals & Workshop etc. in each prescribed course, as per I. K. Gujral PTU rules.
4. NCC / NSS Requirement : All the incoming student are required to enroll themselves in the first year for NCC or NSS. The requirement should be completed in one year. If, however, one is not able to complete this

UNDER GRADUATE COURSES

requirement in the first year, he / she must complete it by the end of the 2nd year.

5. The students admitted will be governed by the I. K. Gujral Punjab Technical University / GNDEC Rules & Regulations which can be amended from time to time (Refer PTU website www.ptu.ac.in) & (GNDEC website : www.gndec.ac.in).
6. Absence from any examination for whatever reason, will be considered failure.
7. No medical certificate or evidence of sickness during or prior to the time of the examination shall exempt a student from any examination.
8. Students found using unfair means in final or other examination will be liable to expulsion from the College or to any other disciplinary action, in addition to any penalty the College authorities may decide to impose upon him/her.
9. In addition to the final examination, College periodical tests are held at intervals as house examinations. The performance of the students in these examinations & the work done in Engineering Drawing & Design, Laboratory, Workshops, Surveying, Home and Library assignments are taken as Sessional Work for the final examinations. Sessional work has to be evaluated on day to day basis by the teachers concerned.

DISCIPLINE

All students must confine in every respect to the rules of the College. Breaking of rules, misconduct, poor attendance, lack of satisfactory progress in work of studies will render a student liable to fine, rustication, expulsion or other disciplinary measure & action taken by the Director shall be final.

The students are permitted to form & carry on such association or clubs of the College as have been regularly sanctioned by the Director. All associations are open to membership regardless of religion, community, caste or creed. Students are prohibited to take part in politics.

A student desiring to leave the College must apply in writing and his / her application must be supported by his/her parent or guardian.

In case of continuous absence without leave for more than a week, a student's name will be removed from College rolls and he / she will not be allowed to rejoin until satisfactory explanation is submitted and accepted by the Director by depositing the re-admission fee of Rs. 2500/-

as fine.

In such case of readmission, the lost / missed classes shall be the part of total classes held i.e. if a student remains absent for more than stipulated period & gets readmitted just before semester exams, his / her absence period shall be accounted for calculating the attendance requirements.

VEHICLE PARKING RULE

The College management has decided that from the year 2012-13 onwards, the students who are admitted to this College will not be allowed to bring and park any four wheeler vehicle (cars, jeep etc.) in the College. They are permitted to only bring a two-wheeler vehicle to the College & park it in the parking area. Students of session 2017-18 are required to give an undertaking at the time of admission with respect to the Vehicle Parking Rule on a prescribed proforma (annexed).

RAGGING

Ragging is strictly prohibited as per All India Council for Technical Education, New Delhi (Notification date 01-07-2009).

In view of the directions of the Hon'ble Supreme Court in SLP No. 24295 of 2006 dated 16-05-2007 & in Civil Appeal number 887 of 2009, dated 08-05-2009 to prohibit, prevent & eliminate the scourge of ragging, AICTE has issued anti ragging guidelines.

Actions to be taken against students for indulging & abetting ragging in Technical Institutions, Universities including Deemed to be University imparting technical education:

1. The punishment to be meted out to the persons indulged in ragging has to be exemplary and justifiably harsh to act as a deterrent against recurrence of such incidents.
2. For every single incident of ragging a First Information Report (FIR) must be filed without exception by the Institutional authorities with the local police authorities.
3. The Anti-ragging committee of the institution shall take an appropriate decision, with regard to punishment or otherwise, depending on the facts of each incident of ragging & nature and gravity of the incident of ragging.

Being an autonomous institute, continuous efforts have been made to introduce the radical reforms in examination & assessment system for evolving a credible, valid, effective, and transparent system.

To facilitate easy interface for exchange of information, following reforms have been implemented : Devise and monitor strategies for implementation of useful examination practices.

- Online mode of examination form filling that will help in generating student summary & admit cards to optimize time and eliminate errors.
- Create question banks for various subjects & courses to facilitate random selection of question papers.
- Create a transparent & effective complaint redressal system for prompt response & delivery of student queries/complaints.
- Respect autonomy, promote excellence & inclusiveness.

STRUCTURE OF EXAMINATION BRANCH

The Examination Branch is headed by the Controller of Examinations (COE). The Controller of Examinations is responsible for the conduct of Examinations and declaration of their results. The controller of examinations is assisted by four coordinators that are :

- Coordinator Conduct
- Coordinator Secrecy
- Coordinator Result
- Coordinator Automation

Coordinators are deputed among the senior faculty of the institute. Examination committee consisting of COE & coordinators works directly under the directions & control of the Director of the institute. The ministerial staff is assisting the examination committee for the smooth conduct of examinations.

Science & Technology Entrepreneurs' Park, **promoted by Central & State Govts.**, DST, NSET, is already a renowned name in the field of technical education in Ludhiana, Punjab. A unique institution established to promote entrepreneurship among the science & technology persons, STEP encourages the entrepreneurs to setup 'Start-up Ventures' by providing them built-up space with adequate power supply & other utilities like seamless internet etc.

The concept of Science & Technology Entrepreneurs' Park has been imported from USA. Around, 1970 in the University of Stanford, a professor & a group of students developed the famous 'chip', the heart of the computer, during their academic pursuits. They had now two options- either to sell the knowhow of the chip to the industry or to commercialize it themselves. But for this, they needed some kind of infrastructure and financial assistance. They decided to commercialize the product themselves and approached the University authorities for assistance in the form of working space, basic testing equipments, use of the University Library & laboratories and finances. This was the time when the student community in the USA was shifting from the cycles as a mode of transport to automobiles. As a result, the cycle shed of the University was not being fully utilized. Therefore, the University decided to allot the cycle shed as working space to this group along with the use of facilities of the university laboratories. The much needed financial assistance was provided through the commercial banks. This gave birth to the concept of the STEP - Science & Technology Entrepreneurs' Park which was adopted by the Govt. of India to promote entrepreneurship amongst the science & technology persons in India.

In the late eighties, 6 STEPs were established in India, which were attached to the apex educational institutes of the country to provide an opportunity to the students for giving a practical shape to the project ideas, which they were to develop during their academic sessions. STEP, Guru Nanak Dev Engineering College was one of these six parks which started operations in 1987.

STEP- Ludhiana provides working space in the form of "Nursery" sheds with water & power connections & other facilities of production to the budding entrepreneurs. These 'Nursery' sheds are today humming with activity & the entrepreneurs are producing a variety of high-tech products by utilizing these in-house facilities provided by the STEP. To develop entrepreneurs, the STEP conducts 3 days Entrepreneurship Awareness Camps in various Colleges for the final year students pursuing science, engineering & technology courses. 25 days Entrepreneurship Development Programmes (EDP's), 15 days Faculty Development Programmes (FDP's), 30 days Technical Entrepreneurship Development Programmes (TEDPs) in various Technical Colleges, Universities for the students pursuing science, engineering & technology courses.
